MEDICINAL.

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains, weakens women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

It is with pleasure I recommend Dr. Pierce's medicine, writes Mrs. Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weight loss. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicine and I have been enjoying good health all the time. I can now praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies', laxative. No other medicine equals them for gentleness and thoroughness.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, cures wind colic and is the best remedy for Diarrhea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

MINE DISASTER.

The worst disaster in the history of Tennessee mining occurred at 7:39 o'clock yesterday morning when between 175 and 225 men and boys met instant death at the Fraterville coal mine, two miles west of Coal Creek, as a result of a gas explosion. Out of the large number of men and boys who went to work yesterday morning, developments at 10 o'clock last night show that only one is alive, and he is so badly injured that he cannot live. One hundred and seventy-five miners were checked in for work yesterday morning by the mine boss. In addition to these were boys who acted as helpers, and drivers, road men, and others, to the number of perhaps fifty. Fraterville mine is the oldest mine in the Coal Creek district, having been opened in 1870. It is fully three miles from the mine opening to the point where the men were at work. They had not been at work long, before the terrible explosion occurred. There was a fearful roar, and then flames shot from the entrance and the air shafts.

News of the disaster spread like wild fire, but as soon as possible two recurring parties were started in, one at the main entrance, the other through Thistle mine, which adjoins and in which no men were at work. The Thistle party was unable to make any headway, as the gas filled the workings. The Fraterville party went fully two miles under the earth, until a heavy fall of slate was encountered. At this barrier men worked like demons, hoping against hope that those beyond might be safe.

The rescue at the mouth of the mine while the workers were within were beyond description. Business had been suspended in Coal Creek and all its mines, as soon as the news of the disaster became known, and men, women and children gathered around the Fraterville entrance. Women whose husbands and sons were within were wild with grief.

All day long the rescuers toiled at the slant obstruction, and not until 5 o'clock yesterday evening did they force an entrance through it. Up to that hour only five dead bodies had been recovered and hope was still high that many within were safe. The hopes of the living were doomed, however, for when once the rescuers entered and proceeded they walked through a continuous tomb of death. There was not a sign of life. Every man had perished. Eight dead bodies were first recovered, and these were sent to Coal Creek. Twenty-six more were soon found. They were not disfigured beyond identification, and each corpse, as it was borne from the mouth of the gigantic tomb, was surrounded by eager crowds of relatives of the men who were entombed. The mine was not on fire, except in remote portions, and all bodies perhaps may be reached before daylight.

The Fraterville mine is owned by the Coal Creek Coal Company, of which M. J. E. Camp is president. He was in Cincinnati and is now hurrying to the scene of the disaster. In 1891, after inspecting Fraterville mine, State Commissioner of Labor R. A. Solist reported that the ventilation was not up to requirements; that the furnace was inadequate to ventilate the mine and that the airways were choked in places.

KILLED BY CYCLONE.

Communication in a limited way by a telephone wire was established yesterday afternoon between Dallas and Goliad, Texas. The reports given out confirmed the worst that came from nearby points Sunday night as to the horror of the cyclone. The dead approximate 160, of whom sixty persons are white and 100 negroes. The injured number more than 200. The town is one vast morgue and hospital. More than 100 buildings of various kinds were torn to pieces by the wind in the historic town. The extent of the disaster is proportionately as great as that at Galveston two years ago, taking population and other comparative conditions into consideration. Persons who would consent to talk over the wire were almost hysterical. The people are wild with grief, as almost every home has either dead or injured in it. The bodies of many of the victims are terribly mangled and disfigured. Of the injured, it is estimated that from twenty to thirty will die. The property loss will reach \$1,000,000. The United States government military post, Fort Sam Houston, at San Antonio, sustained a loss estimated at \$50,000. Much damage was also done at Beeville. The counties of Refugio, San Patricio, Bexar and Goliad were badly swept by the storm. The storm was one of the most widespread ever known in Texas. It extended to almost every part of the State, covering an area of nearly 600 miles square. Goliad is thronged with sightseers, and the willing workers have made the homeless people comfortable, and the injured victims are doing well under the circumstances. After leaving Goliad the cloud rose and did not strike the ground again

until five miles out, when it swept a path through the country for nearly two miles, demolishing a number of houses occupied by negro families and killed several people. According to reports received at Dallas the cyclone was one of a number of storms which swept over various sections of the State Sunday. At San Marcos, Lockhart, Charco, Mission Valley, Kennedy, Yorktown, and many other towns buildings were destroyed.

Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, cold, croup, grip, bronchitis, all throat and lung troubles. Also, lately safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. W. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly. For sale by E. S. Leadbeater & Sons.
